

Holiday Treasure Chest

a summer fragrant with adventure

2023

The Pirate Treasure Hunt

03-14.07

Preschoolers will learn what pirates looked like and why we need lighthouses. The children will build a ship, and in the 'school under the sails' they will design a pirate flag, learn how to tie knots and fill out the 'onboard weather log'. The pirates will also take part in sports competitions and go on an expedition in search of healthy treasures.

Around the World in 10 Days

17.07-28.07

Children will embark on a journey in the footsteps of Christopher Columbus. They will find out where chocolate comes from, why boomerangs return, why Indians wear headdresses, what children play in a Masai village, why penguins do not fly, whether there are Indians in India and whether the Japanese sleep on the floor. During the expedition, they will meet Aborigines, the indigenous inhabitants of Australia, visit a Cheyenne village, follow in the footsteps of an Egyptian caravan and take part in the Olympic Games in ancient Greece.

Maritime Tales

31.07-11.08

We will invite the children on a wonderful expedition to unknown places, where many interesting adventures and attractions await. The preschoolers will explore not only land, but also the mysterious underwater world. They will experience a storm at sea, meet underwater monsters and discover what the sea floor conceals. The preschool will also host the Neptunalia, or the 'Sea Wolf' graduation.

A Jungle of 100 Mysteries

14-25.08

Preschoolers will embark on a mysterious journey to Africa, where they will meet the inhabitants of the jungle eye to eye. During this thematic block, the children will make "exotic animals" with their own hands in the form of a variety of large spatial works of art, from which they will create a Ciuchcia Zoo. They will also take part in a jungle sports competition.

September is just around the corner - in the spirit of Positive Discipline

28-31.08

The children will take an active part in preparing for the new school year. They will sort out toys, board games, and books. They will decide which ones they want to leave in their classroom and put them on the shelves. They will pass on the others to another group. They will also create a cosy corner that they can use to make themselves feel better. They will consider whether they want to design their own 'badges' for the cloakroom or they will create them from ready-made elements. They will choose rituals to follow as a group and facilitate learning and moving from one activity to the next.

**Have a
wonderful
experience!**
